

We all arrived at the Hotel on May 15th for the beginning of the Re union.

Not as many as we would have liked to be there, but the economy is tight and so is money.

We had a banquet the first night to introduce everyone to each other. We gave a single red rose to all the wives that attended the reunion on the day of sign in.

We went for a great tour of Chicago (although it was raining we still had a good time).

We had lunch at Dick's Last Resort which will be a place we will all remember. Especially the menu and the people that worked there. They really made it worth while.

We then spent a day at the Museum where we saw the German U Boat 505 on display. We took the tour and had a good time touring the U Boat. This was one of the U Boats Captured by the US Navy and we also got their Crypto Machine from this U Boat.

We also shared the day with about 5000 High School Kids who were also visiting the museum that day.

We spent Armed Forces Day at Cantigny. The Big Red One Museum. It was really a very nice day and the Big Red One was also there with Static Displays along with old vintage military equipment. We even ran into a few soldiers who were assigned to the 4th Infantry Brigade Combat Team from Fort Riley.

We while there also ran into all the Commanders who were giving a live video remembrance of their tours from Vietnam. We were actually talking with the Commanding General of II Field Force Artillery. Got a group shot of us there.

While there we placed a wreath at the Statue of Winged Victory in the Courtyard of Cantigny. What a nice place and the people there were great. The grounds of Cantigny were beautiful.

Then it was the Final Banquet for all to remember the good time we had at the re union.

We played music that was written and song by our own Tom Welsh and also viewed the tapes that the 2/32 made for us at Fort Riley. We got more than a few Group Shots and everyone said their final good byes and the next morning we were all on the way home.

A great re union thanks to the efforts of Ralph Jones.
